

STARS OF SOUTH meet the (Sk)innovators

The idea:

Travelling to Tyrol together - to the most innovative winter community event in the startup and entrepreneurship scene. With us: The "Stars of the South" from Carinthia, Styria and Slovenia!

Our mission: The "SKINNOVATION Innovation and Startup Festival 2024" (13 to 15 March) in Innsbruck and the Axamer Lizum ski resort! The offer is open to anyone who is interested in experiencing top speakers in rustic alpine huts, getting to know a real elevator pitch on a chairlift or networking with around 1,000 other startups, corporates, entrepreneurs or investors and benefiting from it! Information about the event: <https://www.skinnovation.at>

The message:

We are the entrepreneurs of the South. We not only want to make the ecosystems of the three countries visible, but also build and expand the community and the alliance. We are driven by the discovery of new ideas and the opportunity to be inspired by the numerous speakers. We want to network and create opportunities for collaboration (e.g. Startup Carinthia with Startup Tirol, etc.). There is no better way for the southern economic region (e.g. start-up networks from Carinthia and Styria, AREA SÜD, etc.) to present itself to this innovative community!

Experience an alpine adventure with over 1,000 startups, innovators and investors that combines entrepreneurship and creativity!

Here is an overview of the numerous speakers:
